SHUT THE FUCK UP (SKETCH)

Host comes out with a big old white smile.

HOST

Hi, I'm Sandy Cellars, the inventor of those iPhone cases that can open beer bottles.

Did this election season leave you feeling depressed? Aww.... Worried about getting into political fights with your family this holiday season? Poor thing... Do you feel like no matter how many Facebook posts or reTweets, your voice just doesn't matter? Awww... bubba boo boo...

What if I told you there's a way to bring back the old you? Before the anxiety of having a political opinions made you depressed. A revolutionary new system called: *Shut the Fuck Up*.

Big smile. She holds up a roll of Duct Tape and Book titled, *Shut the Fuck Up*.

The *Shut the Fuck Up* system is designed for you. To specifically target the source of your stress: Your stupid fucking mouth.

Designed from the ingenuity that comes from spending a week with your brother-in-law from Des Moines, the *Shut the Fuck Up* system is guaranteed to work. Fast. For you *and* the whole family.

Let's see how it works.

A Woman and a Man enter.

WOMAN

Stop trying to belittle me! I am entitled to my opinion! The Black Lives Matter movement is bigoted against whites!

MAN

Well your opinion wasn't so ridiculous! It's a real issue!

HOST
Excuse me, may I interject?

WOMAN & MAN
Please!!

HOST
Rhonda, are you black?

WOMAN
No.

HOST
Are you a police officer, city
councilwoman, senator, or the
President?

WOMAN
Uh. No.

HOST
Great, then Shut the Fuck Up.

Woman is offended.

Host turns to Man.

HOST
Michael: Are you black?

MAN
No.

HOST
Are you in any way able to make
decisions that affect the issues
you're talking about? A lawmaker? A
sherriff? A jury member?

MAN
No.

HOST
Great. Then Shut the Fuck Up.

Woman 2 is offended.

HOST
See how easy it is? Now both Rhonda
and Michael are happier because
they're in their place.

WOMAN

I just think that-

HOST

Uh oh. Rhonda is no longer employing the *Shut the Fuck Up* system. So you must now use the upgraded version: *I Thought I Said I Told You to Shut the Fuck Up*.

She puts Duct Tape on Rhonda's mouth.

MAN

You know, I really don't appreciate-

She puts Duct Tape on his mouth too.

HOST

How do you guys feel?

Both of them try to yell at her, but then, suddenly love it and give a thumbs up.

HOST

Nice, isn't it? Now your voice really doesn't matter. You can stop pretending it ever did!

Right now you can get both the *Shut the Fuck Up* system and the *I Thought I Told You to Shut the Fuck Up* system BOTH FOR THE SAME PRICE: Absolutely free.

That's right, I'm giving my system for absolutely free. Trust me, it'll pay for itself. If you happen to live in D.C, I'll actually pay you to take it.

Order now!

WOMAN & MAN

MMMMMM NNNN PPP MMM PP !!

HOST

Well said.

They all smile and pose together.
